

THE WORSHIPTRAINING ADVANCED STUDY PDF PROGRAM

A Complete Training Program
for Your Worship Ministry or for Individuals

Your Personal WorshipTraining Advanced Study Plan

Ready, set, grow.

You, or your Church, are now a part of The WorshipTraining Program. **The WorshipTraining Advanced Study PDF** (below) provides you or your church with a “Personal WorshipTraining Plan” that fits your needs. This 2-3 year Plan works for worship leaders, musicians, techs, as well as pastors/leaders and worshippers.

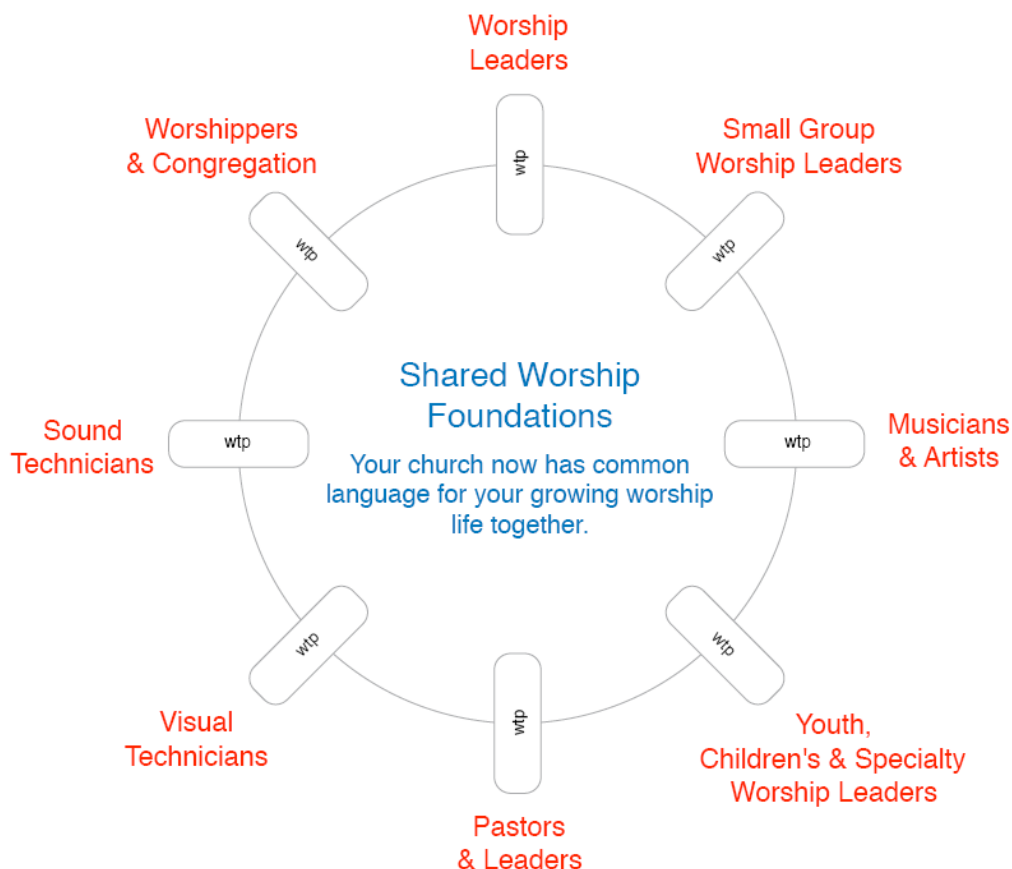

This is your personalized plan. Some courses are short and done at your own pace. Others are offered as 4 week long online Quick Studies, and can be done in your church or online with others. You will find all of the following courses under the "Courses" Tab on the website. Go to www.WorshipTraining.com, and get started!

How Does The WorshipTraining Advanced Study Work?

Get your entire worship ministry on the same page.

How many times have you longed for your entire worship ministry – even your entire congregation – to be on the same page related to worship? The **WorshipTraining Advanced Study PDF** puts your crew on the same path, with a common worship vocabulary and a call to serve. Here's a summary of how it works.

- **All your worship ministry members get an [All Access Pass](#) to WorshipTraining.com.**
This enables your entire worship ministry to access our massive archive of courses, media and training materials.
- **All your worship ministry members get a personalized training plan.**
The "WorshipTraining Advanced Study" handouts (in various concentrations) provided at the end of this document are designed to be photocopied for each person participating in the program. The courses are divided into categories and blanks provided so that participants can track their progress. With a "Personal WorshipTraining Plan" in their hands, your leaders can now strategically maneuver through our massive archive of world-class, media-based courses that bring powerful worship learning right into their homes. Note that these PDFs are designed as a "framework of study." Feel free to edit out or add in any media to tailor the plans to best fit your ministry needs.
- **All the courses leave room for your unique tradition to shine through.**
These courses are foundational, and focus on "main and plain" ideas about worship. As your worship ministry members engage in conversation around these topics, something happens. A shared worship language is being created between all the key worship voices in your church – catalyzing rapid growth together and a lifting of your entire church's worship life. Everything is built for your church's values to shine through, and you can season your group's learning with your perspectives.

Train Your Worship Ministry For Years To Come.

Welcome to WorshipTraining.com.

It's a tall order for any worship leader to pull off each Sunday's set, let alone offer enriching and deepening worship training to their teams, volunteers and church. Yet, we feel a responsibility to provide this essential heart and skill development for our teams. *WorshipTraining.com was built to meet this need.* Now, the worship leader can implement a pre-designed, inexpensive, world-class program that his or her members can access on their own time; or if the community feeling is running high, training nights and retreats can also be run live and on-site in your church – all with this same plan. Have you ever said at a seminar, "I wish my entire worship team was receiving this training?" With WorshipTraining.com in your hands, you may never say that again. Designed by local church worship leaders, for worship leaders and teams, WorshipTraining.com serves your worship ministry by providing effective media training in the foundational ideas that make a worship ministry grow.

Your worship ministry - with a common language about worship.

Your worship ministry will gain a common language for talking about worship by using WorshipTraining.com. You can even involve all the pastors and leaders in your church if you like. There is something beautiful for your team in the WorshipTraining Program – and something for everyone.

Your worship ministry - growing together for the long haul.

With a simple and inexpensive [church membership](#) to WorshipTraining.com, your church will now be connected to a powerful online training curriculum that is ready to "plug 'n play" in your local worship ministry. Now you have a *long-term solution* for training every new person getting involved in worship ministry. You just flip the switch to access:

- + A customized training program for each person in your worship ministry
- + Over 100 courses from which to build your leaders
- + The ability to do courses online individually or as a group
- + The ability to project group training in High Definition (HD) or Standard Definition (SD)
- + Major publishers and worship trainers at your fingertips

What will we learn if we implement the WorshipTraining Program?

Through the WorshipTraining.com, every large group worship leader, small group worship leader, youth worship leader, children's worship leader, drummer, bass player, keyboard player, vocalist, sound technician, visual projectionist, choir member - even pastors and worshippers – will grow deeply in their understanding of life-changing ideas related to:

- + What is worship really all about?
- + What is worship music's place in the worshipping life?
- + How is the worship leading in our local church discipling people?
- + What biblical ideas about God and worship should guide our worship expressions?
- + What attitudes, values and actions should mark the life of a worship ministry servant?
- + What practical musical skills could strengthen our worship gatherings?
- + What vital roles does each person play in the worship ministry?

For The Worship Ministry Director

How to get your worship ministry started on the program.

Starting anything new can be a challenge. But when it comes to the long term development of your worship ministry, it is a priority. You may already have programs – WorshipTraining.com is designed to enhance the training you are already giving.

1. First, get a Church Plan at WorshipTraining.com.

For less than the cost of sending one person to one worship conference this year, your whole church gets included. With a [Church Membership](#), the website is unlocked for your team to use WorshipTraining.com. After you register online, you will receive an email explaining how each member of your entire worship ministry gets their own [All Access Pass](#) privileges.

2. Second, gather your worship ministry together.

Now that you're ready to start, you'll need to gather your worship ministry to communicate the plan. Try this. "We have purchased, for our church, a new WorshipTraining Program that we believe will strengthen every member of our worship ministry. The way it works is this:"

1. "We all take a customized set of online worship courses throughout the year."

"We want to grow in our understanding of worship in a common way, together. We want to be on the same page as a worship ministry. In this program, we will all take the same online seminars and courses. Some of these courses have us study what worship is all about. Others have us read books, watch videos, listen to audios and write out thoughts about who God is, what values should guide our worship life, and how we can personally grow as worshippers. Some courses take only 30 minutes or less, and focus on our specific role in the worship ministry of our church. Some take up to 4 weeks, like an online seminar. We read articles together, talk about our learning, and do it all in a way that doesn't take up much time for anyone. It's like we're going to an online conference together, only spread out over a few months."

2. "We keep track of our own courses."

"I'll be handing you a sheet that highlights the courses that best fit your role in our worship ministry. With this, you can keep track of the courses you need to take, and manage your progress. You can either do it all in a few months, or spread it out over a few years."

3. "I'll gather us together a few times this year to talk about how we're growing."

"We want this to be a group effort, or we wouldn't have paid to use the Program. But we know that everyone works at different paces, and has a life outside of ministry obligations. So, you keep track of your own progress and every once in a while, we meet to talk about what we're learning."

3. Choose the accountability level you desire.

You may want to keep close track of how everyone is doing in the Program. Or, you may just want to sit back, and see what happens. No matter which direction you choose, learning will happen. You may also decide you want to actually run some of the courses live in your church with the curriculum we provide. No matter how you want to run the courses, we've made a way. Most courses can be run:

- As a Downloadable Worship Retreat (together)
- As a Downloadable Media Training Course (together)
- As Individual Sessions (individuals picking and choosing from the media)

In other words, you can determine the way you want your team to do the courses. *The key is, you get to choose how much time and energy goes into this.* We've put it all together in one, simple to use, online program for you.

Am I the best person to coordinate this?

You may want to ask someone else who cares deeply about training to coordinate this for your church. Find someone who is gracious, a teacher at heart, and who can give space to volunteers to do what they can to grow, at their own pace.

How to get started on the program

Need additional information?

Visit the “Why WorshipTraining” page of our site at <https://www.worshiptraining.com/why/> and take the tour.

Want to get your church started on The WorshipTraining Program?

Go to the [website](#), and click on the [Plans & Pricing](#) link in the top menu bar. From here, you'll be asked to choose a plan and then you can purchase the yearly membership for your church.

Still have questions?

If you have any questions about how to implement the WorshipTraining Program, you can call our Customer Support line, or email us and we would be happy to help.
